

JENNIFER TULLEY ARCHITECTS

Jennifer Tulley Architects is a boutique architecture firm founded in New York in 2002 and relocated to San Francisco in 2006.

The work includes both residential and commercial projects and has ranged in scope from new institutional development to small home alterations. JTA's style is contemporary and approachable with a preference for uncluttered style and a pleasing use of materials, whether it is a traditional or modern project. The work is informed by a strong modern aesthetic and by the belief that form and function can be perfectly married, that high design can be accomplished on an economically rational basis, and that buildings can create uplifting experiences for their users.

SOMA OFFICE

RUSSIAN HILL RESIDENCE

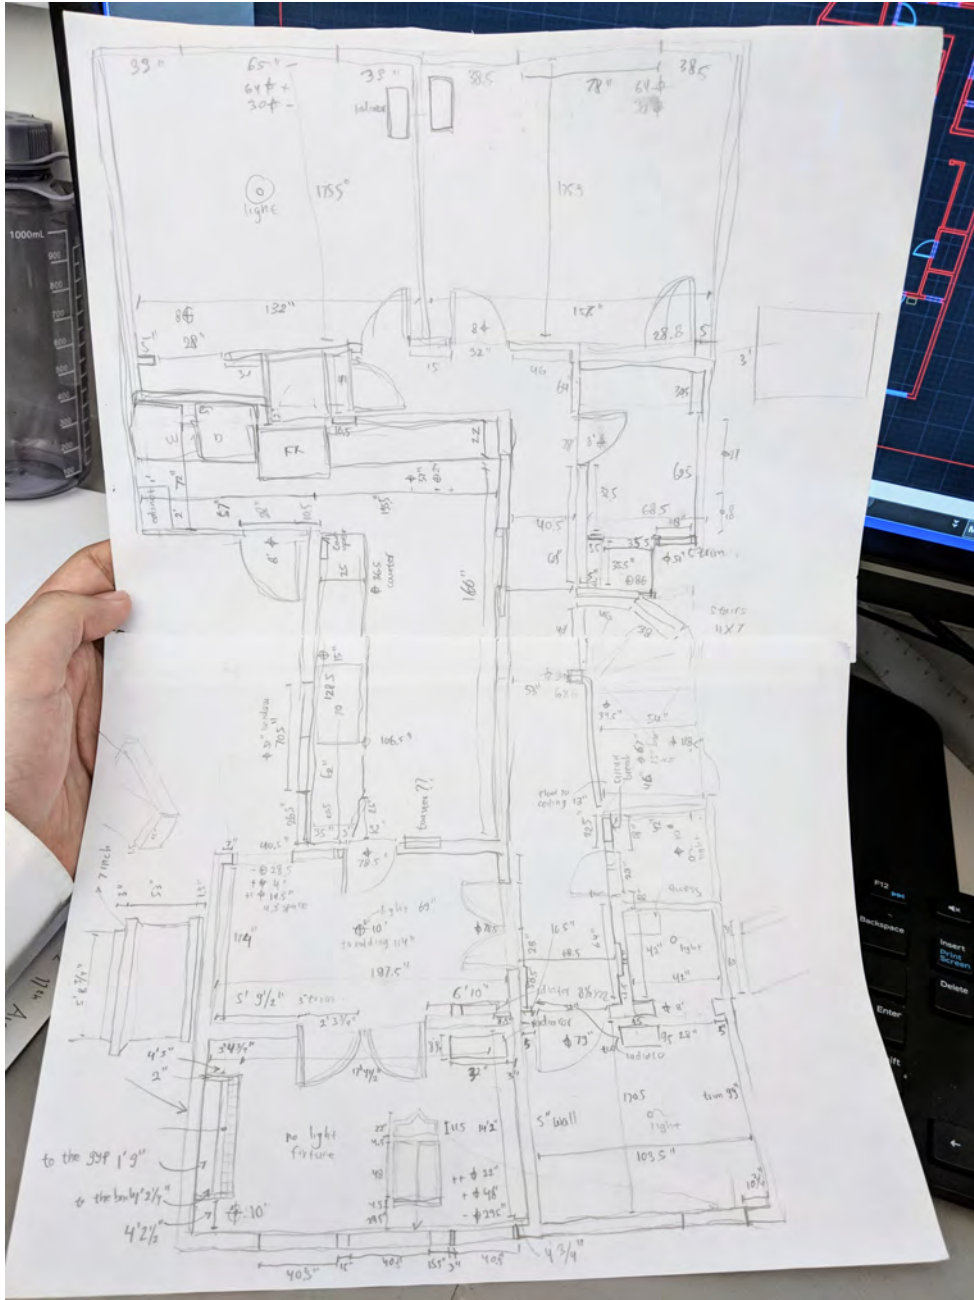

Latching onto the owner's preferences for a clean, white, modern home and a love of marble and light woods, JTA turned this vertical home into a sleek yet family friendly oasis.

Hiring Committee
Jennifer Tulley Architects
2849 California Street
San Francisco, CA 94115

Dear Jennifer Tulley Architects Hiring Committee,

With this letter, I would like to express my interest in applying for a Junior Designer position in your firm. I am a recent graduate with a Bachelor of Architecture degree from Academy of Art University. After five years of education and two internships in prominent firms in Japan and Indonesia, I believe I would bring several areas of competence to Jennifer Tulley Architects.

Through my experience in architecture, I am eager to design various building typology, but my personal interest is designing residential projects. This is why Jennifer Tulley Architect's works resonate with me, especially by designing modern residential projects that includes envisioning the client's dream home by offering a simple yet unique solution. On top of that, I believe that I have a lot to contribute to a team environment, and I am comfortable in both leadership and player roles. I'm outgoing, friendly, and have strong communication skills.

From my studio projects along with my internship opportunities, I have gained proficiency in working on building materials and systems, sustainability techniques, and construction administration on complex projects. I would say my best strength are time management and graphics, especially by doing renderings and presentation for clients. I also have extensive experience with a broad range of design and management software including Revit, Autocad, and Adobe Suite.

I have chosen to apply to your firm because I believe it is the best place for me to begin my professional career. I believe I can bring fresh perspective and be an asset to the company with my diverse experience and willingness to learn. I would appreciate meeting with you to discuss how I might join your firm. Thank you for taking your time in reviewing my application, and I am looking forward to talking with you soon.

My contact information is as follows: p. 415-728-2113; levydennis94@gmail.com

Sincerely yours,
Dennis Levy

2016.8.31

Mr. Dennis Levy,

To whom it may concern,

It is a great pleasure to recommend Mr. Dennis Levy who worked for 8 weeks as an architectural intern at junya.ishigami+associates from July to August, 2016.

His internship activity includes:

- An international competition
- A project in Korean
- A project in China

As a project architect, I would like to mention here his communication skills, comprehension, and especially his motivation and diligence, which demonstrated his quality to be a responsible team member. Because of these qualities and commitment to design, we were always able to count on him to realize the assigned work. His contribution to the projects was significant and his positive attitude toward work impressed us. His positive attitude, communication skill diligence greatly aided his effectiveness as an intern.

I would like to give my considerations and I am confident that Mr. Dennis Levy will be a talented architect. He has my highest recommendation. If you have any further question, please feel free to contact me.

Sincerely,

Junya Ishigami
